

SMALL GAMES SKILL DEVELOPMENT HOCKEY SCHOOL

For High School and College Girls

Philosophy: For the past 7 years this program has assisted in the development of some of the best female hockey players in the area. Through the use of small area games, players are allowed to become better problem solvers and make good decisions on the ice. We ask our players to “read and react” to situations, but do we provide them with regular opportunities to develop these “thinking” skills in a competitive practice environment? In order for a player to perform effectively, she must practice in conditions that mirror a game situation, where she can apply what she has learned. This hockey school is designed to let the game be the teacher. **This camp is designed for College, High School, and Advanced Middle School Players. At the discretion of the Coaching Staff, elite HS players will be eligible to participate in the college session, and advanced MS players will be eligible to play in the HS session. Contact Coach MacCurtain with questions.**
